Pump Cover

Technology: HP Industrial Filament

Solution: HP Industrial Filament (IF) 3D Printer 600 High Temperature (HT) Solution

Material: HP 3D Filament ULTEM™ 9085 (by SABIC)

Due to chemical resistance and non-corrosive properties, ULTEM 9085 is widely used not only in Aerospace but also in Automotive industry, for metal replacement, end use parts like this Pump Cover.

Using HP Industrial Filament technology to produce this part, the customer is nowbe nefiting from:

Large actively heated build volume enables full size and repeatable prints in challenging materials like HP 3D Filament ULTEM™ 9085 (by SABIC)
